EDUCATION

GLAUNIVERSITY

Full-time Computer Science Bachelors

Mathura

2022-09-01 - 2026-05-01

EXPERIENCE

CODSOFT | java development

2024-03-01 - 2024-04-01

- Successfully completed a Java Development internship, where I developed three projects to demonstrate proficiency in core Java concepts.
- Built a Student Grade Calculator, allowing users to input marks for different subjects and calculate grades based on predefined criteria.
- Developed a Number Guessing Game, which engages users in an interactive game where they attempt to guess a randomly generated number within a specified range.

SHADOWFOX | web development

Completed a beginner-level Web Development internship at ShadowFox, gaining practical experience through real-time projects.

Networking Intern (CCNA - Introduction to Networks)

March 2025 - March 2025

- Gained hands-on experience in configuring switches and routers to establish network connectivity.
- Implemented IPv4 and IPv6 addressing schemes and verified device communication.
- Understood and applied OSI model principles to support network applications.

SKILLS

Programming Languages: Java, Python, C, DSA, JavaScript
Libraries/Frameworks: React
Tools / Platforms: VS code, Github
Databases: MongoDB

PROJECTS / OPEN-SOURCE

ATS RESUME SCORE

JavaScript, React, Node js, MongoDB, CSS, Mern Stack

Developed a full-stackATS Resume Scanner that evaluates resumes based on job descriptions using text analysis and ranking algorithms.

Ezfolio : Portfolio

- Developed EzFolio, a user-friendly portfolio website builder enabling individuals to create and showcase their professional work.
- Integrated customizable templates, allowing users to personalize their portfolios.
- Utilized React, JavaScript, and CSS for frontend development, ensuring a dynamic and interactive user experience.

CERTIFICATIONS

- Java Development Course - CodSoft
- Mern Stack + GenAI - W3elites
- Java(Basics) - HackerRank
- CCNA: Introduction to network
